

# WEEE CATEGORIES 1-6, EQUIPMENT SUITABLE FOR HOUSEHOLD USE AND DUAL-USE (B2C)

## WEEE 1 Temperature exchange equipment

Code	Examples of the appliances
6101	Fridges, coolers Freezers
6112	Air conditioners Indoor air conditioners Split equipment, cooling capacity max 5 kW Plug-in coolers Dehumidifiers (compressor-driven) Absorption dehumidifiers Heat pumps Geothermal pumps Air to water heat pumps Exhaust air heat pumps
6115	Radiators and other temperature exchange equipment containing oil or other fluids than water for temperature exchange

## WEEE 2 Screens, monitors and equipment containing screens, greater than 100 cm<sup>2</sup>

6202	Television equipment (incl. DVD/VHS)
6204	LCD and plasma displays (not TV screens) Monitors Terminal equipment Systems (incl. displays)
6205	Laptops and tablets Notebooks Digital photo frames

## WEEE 3 Lamps

2513	Fluorescent tubes
2514	Energy saving lamps and other compact fluorescent tubes
2515	HID lamps and led tubes
2516	Retrofit LED lamps and LED tubes
2517	Other lamps classified as problem waste

## WEEE 4 Large equipment (> 50 cm)

6401	Laundry machines, mangles Drying cabinets and tumble dryers Dishwashers Coozers, ovens, microwave ovens and other large cooking equipments
6406	Large electrical and electronic tools (circular saws, planing machines, pressure washers etc.) Sewing machines and other equipment for textile and garment care
6407	Exhaust ventilation, central vacuum cleaners, hoods Air purifying equipment and systems Plug-in heaters
6409	Musical instruments and loudspeakers, over 50 cm, average weight 10 kg

## WEEE 5 Small equipment (< 50 cm)

2953	Fire alarms: ionising (average weight 200 g/piece)
2954	Fire alarms: other types
6501	Vacuum cleaners, carpet brushes, ultrasound cleaners, irons Sewing machines and equivalent Microwave ovens and stoves (less than 50 cm) Table fans, air humidifiers, purifiers and fresheners Toasters, table-top grills, waffle irons, food mixers and blenders Electric knives, knife sharpeners, paper shredders, pencil sharpeners, staplers Coffee grinders, coffee/tea makers, electric kettles Hair clippers, shavers, hair dryers, electric toothbrushes, massaging devices, footpaths and other body care devices Kitchen and personal scales Breast pumps, baby bottle sterilising or warming equipment Car heaters (loose), shoe driers
6502	Radios, clock radios, stereo combinations (FM/CD/MP3/AV) AV amplifiers and car Hi-Fi equipment Digital, net-, web- and video cameras Digital boxes, DVD-players, VHS-recorders, DVD/VHS home theatre Portable media players (MP3, radios, DVD/CD-players) Headphones, Microphones Remote controls Doorcameras, doorphones, doorbells
6503	Musical instruments and loudspeakers (under 50 cm, max 10 kg)

6410	Photovoltaic panels (over 50 cm)
6411	Metal frame heaters Sauna stoves Electrical fireplaces
6412	Boilers, stainless
6413	Boilers, surface-treated
6414	Plastic and stone structured or liquid-filled heaters (non-metallic framed) Body care equipment
6415	Large toys, leisure and sports equipment E-bikes and equivalents (electric scooters, segways etc.)
6519	Lighting fixtures (other than portable illuminators or christmas lights)
6504	Computers for biking, diving, running, rowing etc.
6505	Small electronic and electrical tools Generators Battery chargers and starters Electric car chargers All power suppliers and voltage converters Cell phone chargers
6506	Electronic and electrical toys Small leisure and sports equipment
6508	Thermometers, blood pressure monitors and other devices for diagnosing, preventing, monitoring, treating or alleviating an illness, injury or disability
6509	Small monitoring and control instruments Heating controllers, thermostats and thermostatic taps and shower mixtures Humidity monitors and controllers, energy calculators Overvoltage protectors and UPS equipment, extension cords Smart locking Distance calculators Fuses, electrical installation accessories, cables Meteorological stations Rodent repellents
6510	Table, top and wall clocks, watches, digital timers
6511	Small illuminators Portable illuminators and christmas lights Small equipment with integrated photovoltaic panels

# WEEE CATEGORIES 1-6, EQUIPMENT SUITABLE FOR HOUSEHOLD USE AND DUAL-USE (B2C)

## WEEE 6 Small IT and telecommunication equipment (< 50 cm)

Code	Examples of the appliances		
6602	PC computers, Thin clients, tape store devices, USB memories, memory cards, small industry PC's, USB	6605	Copiers and printers Faxes Electronic typewriters, scanners, all-in-one Video projectors Printing accessories
6603	Equipment collecting and refining data like GPS navigation equipment, electronic readers, PDA equipment, baby monitors Calculators and scientific calculators Barcode readers Mice, Keyboards, Adapters, IT accessories Network equipment (wideband routers, base stations, switches) Gaming headset to computers Snorestoppers, sleepmonitors (detachable to phone) RFID-, SIM -cards Selfsticks	6606	Mobile and other phones Answering machines Wireless phones (DECT, VoIP, SkyPe) LA and satellite phones Headset and bluetooth headset to phone and computer Headphone and headphone with mic- to mobile phone or computer

A consumer product (B2C) is a product that can be used in households without being converted. Products that do not meet this criterion are business products (B2B).

Whether the product is sold to a household or a business is irrelevant to the determination. Nor does it matter whether a company sells products directly to consumers or, for example, to a consumer through a reseller. The supply, distribution or sales chain is therefore not decisive in determining the status of a product.

All lamps are classified as consumer products.

# WEEE CATEGORIES, EQUIPMENT ONLY SUITABLE FOR PROFESSIONAL USE (B2B)

## WEEE 1 Temperature exchange equipment, for professional use

Code	Appliances examples
6190	Professional heating and cooling solutions, incl. cooled vending machines and other large appliances used for the refrigeration, storage and distribution of foodstuffs and others

## WEEE 4 Large equipment, for professional use (> 50 cm)

6491	IT professional solutions Servers Storage Routers Terminal equipment and systems (w/o display)	6495	Lighting and lighting control solutions, visual and sound presentation solutions for professional use Illuminated advertising signs Runway approach lights Lighting controlling solutions, etc.
6492	IT professional solutions professional copiers and printers 3D printers	6496	Large industrial tools and machines, > 50 cm (welding, drilling, milling, packing, etc.)
6493	Large automatic dispensers for solid product and money (non cooled) Human mimicing robots (e.g. for customer service)	6498	Medical, research, monitoring and control equipment for professional use, > 50 cm
		6499	Professional solutions for power generation, distribution, charging, controlling, automation Large electric car chargers

## WEEE 5 Small equipment, for professional use (< 50 cm)

6594	Small automatic dispensers for solid products and money (non-cooled)
6597	Industrial tools and machines (less than 50 cm)
6598	Lighting and lighting control solutions, visual and sound presentation solutions for professional use (less than 50 cm)
6599	Medical, research, monitoring and control equipment for professional use (less than 50 cm)

## WEEE 6 Small IT and telecommunication equipment, for professional use (< 50 cm)

6692	Industrial PC's Data Center network solutions Professional GPS devices Indoor repeaters and locators
