

WEEE CATEGORIES 1-6, EQUIPMENT SUITABLE FOR HOUSEHOLD USE AND DUAL-USE (B2C)

WEEE 1 Temperature exchange equipment

Code Examples of the appliances

- 6101 Fridges, coolers
Freezers
- 6112 Air conditioners
Indoor air conditioners
Split equipment, cooling capacity max 5 kW
Plug-in coolers
Dehumidifiers (compressor-driven)
Absorption dehumidifiers
Heat pumps
Geothermal pumps
Air to water heat pumps
Exhaust air heat pumps
- 6115 Radiators and other temperature exchange equipment containing oil or other fluids than water for temperature exchange

WEEE 2 Screens, monitors and equipment containing screens, greater than 100 cm²

- 6202 Television equipment (incl. DVD/VHS)
- 6204 LCD and plasma displays (not TV screens)
Monitors
Terminal equipment
Systems (incl. displays)
- 6205 Laptops and tablets
Notebooks
Digital photo frames

WEEE 3 Lamps

- 2513 Fluorescent tubes
- 2514 Energy saving lamps and other compact fluorescent tubes
- 2515 HID lamps
- 2517 Other lamps classified as problem waste
- 2520 LED tubes
- 2521 Other LED lamps

WEEE 4 Large equipment (> 50 cm)

- 6401 Laundry machines, mangles
Drying cabinets and tumble dryers
Dishwashers
Coozers, ovens, microwave ovens and other large cooking equipments
- 6406 Large electrical and electronic tools (circular saws, planing machines, pressure washers etc.)
Sewing machines and other equipment for textile and garment care
- 6407 Exhaust ventilation, central vacuum cleaners, hoods
Air purifying equipment and systems
Plug-in heaters
- 6409 Musical instruments and loudspeakers, over 50 cm, average weight 10 kg

WEEE 5 Small equipment (< 50 cm)

- 2955 Fire alarms
- 6501 Vacuum cleaners, carpet brushes, ultrasound cleaners, irons
Sewing machines and equivalent
Microwave ovens and stoves (less than 50 cm)
Table fans, air humidifiers, purifiers and fresheners
Toasters, table-top grills, waffle irons, food mixers and blenders
Electric knives, knife sharpeners, paper shredders, pencil sharpeners, staplers
Coffee grinders, coffee/tea makers, electric kettles
Hair clippers, shavers, hair dryers, electric toothbrushes, massaging devices, foot paths and other body care devices
Kitchen and personal scales
Breast pumps, baby bottle sterilising or warming equipment
Car heaters (loose), shoe driers
- 6502 Radios, clock radios, stereo combinations (FM/CD/MP3/AV)
AV amplifiers and car Hi-Fi equipment
Digital, net-, web- and video cameras
Digital boxes, DVD-players, VHS-recorders, DVD/VHS home theatre
Portable media players (MP3, radios, DVD/CD-players)
Headphones, Microphones
Remote controls
Doorcameras, doorphones, doorbells
- 6503 Musical instruments and loudspeakers (under 50 cm, max 10 kg)

- 6410 Photovoltaic panels (over 50 cm)
- 6411 Metal frame heaters
Sauna stoves
Electrical fireplaces
- 6412 Boilers, stainless
- 6413 Boilers, surface-treated
- 6414 Plastic and stone structured or liquid-filled heaters (non-metallic framed)
Body care equipment
- 6415 Large toys, leisure and sports equipment
E-bikes and equivalents (electric scooters, segways etc.)
- 6519 Lighting fixtures (other than portable illuminators or christmas lights)
- 6504 Computers for biking, diving, running, rowing etc.
- 6505 Small electronic and electrical tools
Generators
Battery chargers and starters
Electric car chargers
All power suppliers and voltage converters
Cell phone chargers
- 6506 Electronic and electrical toys
Small leisure and sports equipment
- 6508 Thermometers, blood pressure monitors and other devices for diagnosing, preventing, monitoring, treating or alleviating an illness, injury or disability
- 6509 Small monitoring and control instruments
Heating controllers, thermostats and thermostatic taps and shower mixtures
Humidity monitors and controllers, energy calculators
Overvoltage protectors and UPS equipment, extension cords
Smart locking
Distance calculators
Fuses, electrical installation accessories, cables
Meteorological stations
Rodent repellents
- 6510 Table, top and wall clocks, watches, digital timers
- 6511 Small illuminators
Portable illuminators and christmas lights
Small equipment with integrated photovoltaic panels

WEEE CATEGORIES 1-6, EQUIPMENT SUITABLE FOR HOUSEHOLD USE AND DUAL-USE (B2C)

WEEE 6 Small IT and telecommunication equipment (< 50 cm)

Code	Examples of the appliances		
6602	PC computers, Thin clients, tape store devices, USB memories, memory cards, small industry PC's, USB	6605	Copiers and printers Faxes Electronic typewriters, scanners, all-in-one Video projectors Printing accessories
6603	Equipment collecting and refining data like GPS navigation equipment, electronic readers, PDA equipment, baby monitors Calculators and scientific calculators Barcode readers Mice, Keyboards, Adapters, IT accessories Network equipment (wideband routers, base stations, switches) Gaming headset to computers Snorestoppers, sleepmonitors (detachable to phone) RFID-, SIM -cards Selfsticks	6606	Mobile and other phones Answering machines Wireless phones (DECT, VoIP, SkyPe) LA and satellite phones Headset and bluetooth headset to phone and computer Headphone and headphone with mic- to mobile phone or computer

A consumer product (B2C) is a product that can be used in households without being converted. Products that do not meet this criterion are business products (B2B).

Whether the product is sold to a household or a business is irrelevant to the determination. Nor does it matter whether a company sells products directly to consumers or, for example, to a consumer through a reseller. The supply, distribution or sales chain is therefore not decisive in determining the status of a product.

All lamps are classified as consumer products.

WEEE CATEGORIES, EQUIPMENT ONLY SUITABLE FOR PROFESSIONAL USE (B2B)

WEEE 1 Temperature exchange equipment, for professional use

Code	Appliances examples
6190	Professional heating and cooling solutions, incl. cooled vending machines and other large appliances used for the refrigeration, storage and distribution of foodstuffs and others

WEEE 4 Large equipment, for professional use (> 50 cm)

6491	IT professional solutions Servers Storage Routers Terminal equipment and systems (w/o display)	6495	Lighting and lighting control solutions, visual and sound presentation solutions for professional use Illuminated advertising signs Runway approach lights Lighting controlling solutions, etc.
6492	IT professional solutions professional copiers and printers 3D printers	6496	Large industrial tools and machines, > 50 cm (welding, drilling, milling, packing, etc.)
6493	Large automatic dispensers for solid product and money (non cooled) Human mimicing robots (e.g. for customer service)	6498	Medical, research, monitoring and control equipment for professional use, > 50 cm
		6499	Professional solutions for power generation, distribution, charging, controlling, automation Large electric car chargers

WEEE 5 Small equipment, for professional use (< 50 cm)

6594	Small automatic dispensers for solid products and money (non-cooled)
6597	Industrial tools and machines (less than 50 cm)
6598	Lighting and lighting control solutions, visual and sound presentation solutions for professional use (less than 50 cm)
6599	Medical, research, monitoring and control equipment for professional use (less than 50 cm)

WEEE 6 Small IT and telecommunication equipment, for professional use (< 50 cm)

6692	Industrial PC's Data Center network solutions Professional GPS devices Indoor repeaters and locators
